- Participating Schools
- Fees & payable to participating schools
- Participation from Knauf

The nett cost of the 2016 event was around £300. A similar sum remains available within the Council's approved estimates for this year's event. A further £275 is available in the Committee's approved budget for "Awards & Contributions" which could also be utilised to assist with prize money if necessary, though the generous financial support of Knauf Insulation also remains in place to assist with costs. A representative of Knauf will also attend to assist with prize giving.

As an additional element this year Knauf would like to invite the winning team for a plant tour. This would sit very well with the environmental nature of the quiz and would include a small buffet lunch before the tour and Q&A after. Knauf would take photographs of the winners to use in promotional literature.
